ARCHIBUS NEXUS 2016 - San Diego

From our team to yours!

John Penner, VP, Operations and the Horizant technical team have been working hard on new software installs, upgrades, ongoing IWMS enhancements; all in support of our client's objectives... your objectives; SAP HR, PeopleSoft integration, On Site Resourcing, Customized Lease Reporting, Archiving, Building Ops Console work, Fleet Management, Mobile, & Performance Metrics.

In addition to regular outreach, **Wayne Liko**, Managing Partner, Horizant, and his team have been involved in several industry events and ongoing regional workshops, AUGs (ARCHIBUS User Groups), RPIC, IFMA & NEXUS & more.

CDN AUG User Activity

Ontario AUG City of Hamilton; hosted by the new leader, **Delfina Duarte**

West Coast AUG: Held at Fraser Health Authority; hosted by **Brian Rosler**.

Upcoming Events:

- **NEXUS Recap Webinar:**
Online May 31 1pm (EST)
<https://attendee.gotowebinar.com/register/5115877345627927812>
- **Fed Gov Workshop:**
Jun 16, 2016 (1 day)
- **RPIC: Real Property National Workshop:**
Ottawa Nov 16-17, 2016
- **NEXUS2017:**
Washington DC May 2017

ARCHIBUS User Groups (AUGs) are one great way to connect locally and learn from each other and can help to build a strong peer to peer network (attend meetings either face to face or online).

Emphasis is on "user" topics of interest; challenges and successes & what's new & tips: Presentations by Horizant, ARCHIBUS, BPs, but also hosts, users and colleagues. Site tours, system demos and lunch can round out the events.

Think you might want to get involved?

Contact iciatti@horizant.ca or ARCHIBUS for more info, dates and regional options.

True Technology Partnership

Horizant's mission, since 2000, has been to make our clients successful within their organizations by optimizing their work and portfolios, enabling efficiencies, cost savings and data control/management.

We support our clients by offering the right technology tools, with the right resources and the expertise as needed; from initial business analytics and requirements gathering, through to implementation and post project support and training to account support and technology road mapping. Our expertise spans many sectors: Healthcare, Higher Education, Corporate and Government.

The Tool: ARCHIBUS is a powerful IWMS/ERP and enterprise information management system with a complete lifecycle asset management capability featuring great ways to track and manage processes and data, automate & streamline workflow, create efficiencies which results in significant cost saving and realtime data based intelligence for strategic real estate portfolio decision making.

IFMA Facility Fusion

IFMA Fusion, held in Montreal May 4-5, saw over 350 industry professionals gather to share, network and educate.

Horizant was there in continuing support of the International Facility Managers Association and the professionals it serves.

World Workplace 2017 will draw many 1000s of participants in the largest Industry Event. Register soon to join ARCHIBUS and Horizant at IFMA World Workplace 2017, Oct 4-7, 2016 in San Diego, CA.

Meet Dan Liu, CPA, CGA:

VP, Finance, Horizant Inc., based in Ottawa, Canada.
