## CDN AUG User Activity

**CDN FED GOV Workshop:** Held at Four Points by Sheraton, Gatineau in June 2016.

Next **Ontario AUG** at City of Hamilton in fall with **Delfina Duarte** and **Jeff Drummond**.

AUGs can connect you locally face to face and/or with your peers online to help you build a strong professional network, increase your knowledge and expertise.

Horizant is helping support these groups and by organizing a monthly ARCHIBUS **VIRTUAL USER GROUP** this SEPT, 2016. Emphasis is on “user” topics of interest; challenges and successes & what’s new & tips:

**Wayne Liko**, Managing Partner, Horizant, and his team have been involved in several industry events and ongoing regional workshops, AUGs (ARCHIBUS User Groups), RPIC, IFMA & NEXUS & more.

Meet Victor Benoit:  
Project Manager, Western Canada Based in Calgary

Experienced: 19 years technology PM with developer background for custom software using both Agile/Waterfall methodology. Scrum master for Agile teams in web, desktop software, and business data integration projects.

## TEAM SPACE for Alternative Workplace Strategies

ARCHIBUS has introduced ways to support organizations where support zones of space can be assigned to teams of people rather than individual seat occupants. Help manage occupancy for a target employee-to-seat ratio based on a team's room and employee assignments while letting you make changes to teams over time.

Navigate to: Space Planning & Management/Personnel & Occupancy/Manager/Space Console

## AWARDS & FACTS:

Fluor, Lenovo, Sony Pictures, Northrop Grumman, FAA, New York Presbyterian Hospital among 2016 ARCHIBUS Awards of Excellence Recipients

ARCHIBUS is used by over 8 million people, manages over 22 million properties in over 190 countries and in 30 languages.

## Real Property Institute of Canada: National Workshop

**Date: Nov 15-16, 2016**

Ottawa Conference and Event Centre, Ottawa

Theme: "Real Property, Real Change". [Registration & Info Here](#)

## DID YOU KNOW?

Over 25 CDN Federal Gov depts have chosen ARCHIBUS to manage Real Property including PSPC (PWGSC), CRA, NAVCan, DND, NRCAN, SSC, DFO & more. Add them to the many cities, municipalities & regions, four provinces and other organizations you'd likely recognize (LCBO, Blackberry, Air Canada & more) means you are in GREAT company.

**ARCHIBUS:** *The ARCHIBUS Suite crosses time zones, currencies and standards of measure serving today's Global business needs.*

## True Technology Partnership

ARCHIBUS as a powerful IWMS/ERP and enterprise information management system which has a complete lifecycle asset management capability featuring the way to track and manage processes and data, automate & streamline workflow, create efficiencies which results in significant cost saving and realtime data based intelligence for strategic real estate portfolio decision making.

Horizant's mission, since 2000, has been to make our clients successful within their organizations by optimizing their work and portfolios, enabling efficiencies, cost savings and data control/management. Horizant supports our clients by offering the right technology tools, with the right resources and the expertise as required; from initial business analytics and requirements gathering, through to implementation and post project support and training to account support and technology road mapping. Our expertise spans many sectors: Healthcare, Higher Education, Corporate and Government.

**John Penner**, VP, Operations and the Horizant technical team have been working hard on new software installs, upgrades, ongoing IWMS enhancements; all in support of our client's objectives... your objectives; SAP HR, PeopleSoft integration, On Site Resourcing, Customized Lease Reporting, Archiving, Building Ops Console work, Fleet Management, Mobile, & Performance Metrics.

## IFMA World Workplace
